

Erica Fu

New York, NY

Product Designer, UX Designer

ericafu.me | ericawfu@gmail.com | 650-392-9822 | linkedin.com/in/ericawfu

Experience

JPMorganChase

July 2024 - present
Columbus, OH

UX Designer

Led end-to-end design and research for AI-powered products using OpenAI ChatGPT models, reducing reporting tasks from minutes to seconds, migrating 36,000+ articles to an AI-powered search platform, and enabling insights for 20+ product teams.

Shipped features across 7+ sprint teams, aligning product, engineering, and operations through prototypes, demo videos, and service blueprints in fast-moving environments.

Identified trust issues in AI tools through usability testing, shifting product strategy from forced adoption to value-focused rollout that achieved full specialist adoption.

Equinix

May - Aug 2023
Santa Clara, CA

UX Design Intern

Redesigned data center workflow using analytics, retiring 100% of legacy flows and reducing design cycles by 50% and development cycles by 75%.

Built scalable design system with Figma components and developer handoff files, collaborating across research, product, tech, and design system teams to achieve 100% adoption across 4 teams.

Zeno, CMU HCII

May 2022 - May 2024
Pittsburgh, PA

Founding Designer

Led 0-to-1 design of ML evaluation tool enabling cross-functional teams to assess models; work received Mozilla funding and published at CHI '23.

Sail, CMU SCS

Jan - May 2024
Pittsburgh, PA

UX Design Consultant

Consulted for CMU's TEEL Lab, translating instructor and student interviews into prototypes to improve system-generated feedback clarity.

Design For America at CMU

May 2021 - May 2024
Pittsburgh, PA

President

Led 15+ project teams (100+ members) partnering with nonprofits on social-impact challenges; grew the organization from 5 to 10+ exec members and 50+ members annually.

Built human-centered design curriculum; shared resources with national DFA organization supporting 30 universities.

Directed ImpactCMU showcase for three years, doubling projects (10 to 20) and growing attendance to 150+ through event planning and design.

Education

Carnegie Mellon University

Aug 2020 - May 2024
Pittsburgh, PA

Bachelor of Science Human-Computer Interaction + Information Systems

Minor in Design, Computer Science, and Soft Technology

Relevant coursework: Human-AI Interaction, Design for Service, User-Centered Research and Evaluation

Skills

Design + AI: Figma, Design systems, AI/ML product design, LLM interfaces, Prototyping, Service design, 0-to-1, Data-informed design, Responsible AI

User Research + Technical: User research, Usability testing, Interviews, Co-design, React, HTML/CSS/JavaScript, SQL, Agile

Collaboration: Cross-functional, Stakeholder management, Workshop facilitation
